Being in the industry for over 30 years, we have a long history of unwavering commitment and excellence.

Our clients are multinational companies spread across the globe as well as domestic investors who are looking forward to invest in large sectors in the field of agriculture, hydropower development, airlines – to name only a few.

We help our international clients build alliance with local investors, supply equipment, manpower and provide consultancy services involving thorough research and expertise and help them promote their products and services in Nepal.

# Construction

R.R. International Construction & Engineering Co. (RRICEC) provides quality and reliable engineering and construction services.

RRICEC has in partnership with foreign principals successfully executed several HV Transmission Lines and Substations financed by multilateral donor agencies like Asian Development Bank and the World Bank besides those exclusively financed by Nepal Government and Nepal Electricity Authority.

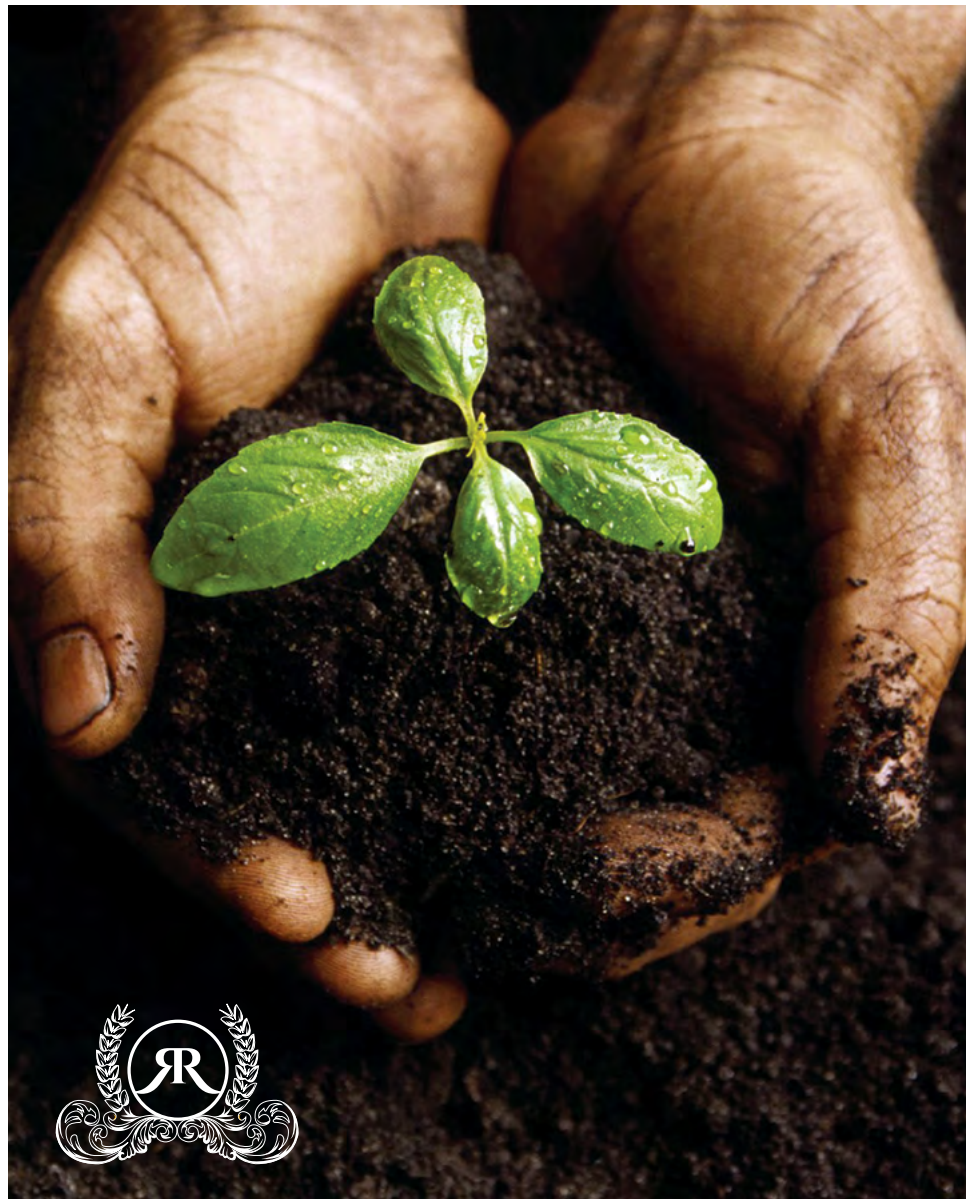

Besides Transmission Lines and Substations, RRICEC has also focused on small, medium and large hydropower projects like turnkey construction of civil works, electro-mechanical works and hydro-mechanical works. RRICEC has, in the process, brought renowned companies in varied fields requiring specialized construction knowhow which has supported in a humble way in the economic growth of the country through technology transfer.

Other areas of interest are construction of Railways, Highways, Bridges, Irrigation Systems, Airports, Drinking Water and Sewage Treatment, and Solid Waste Management.

RRICEC provides value added liaison and representation service to foreign principals for their successful participation in global tenders in the above areas.

**NEW R.R. ENTERPRISES (New RR) was established in 1993.**

**New RR** is one of Nepal's leading representation and liaisoning partner for various Multinational Companies worldwide and helps them promote their products and services in Nepal. The range of products and services include, but not limited to, Security Printing, Power Transmission and Distribution Equipments & Materials, Power Generation Equipments, Telecommunication Equipments & Materials, Agricultural Inputs and Consultancy Services.

**New RR** has successfully represented foreign companies for the promotion of their products and services such as Bank Notes, Passports, Excise Stamps and Postage Stamps, Electrical Equipments like Cables and Conductors, Power and Distribution Transformers, Circuit Breakers, and Telecommunication Cables and Equipments to various Government and Non-Government agencies.

**New RR** also represents foreign consulting firms in varied disciplines including Energy (Transmission Lines and Substations), Drinking Water, Solid Waste Management, Sewage Treatment Plants, Airports and Telecommunications.

Society International Travel Services is one of the leading companies in travel trade of Nepal. Since its inception in 2012, it grew from its international ticketing business to become one of the most diversified and highly regarded GSA partner in Nepal.

Society International Travel Services provides the most comprehensive and specialized services in the travel industry with unmatched quality and services that are sure to elevate the guest experience to a greater level.

Society International Travel Services is the GSA for Bhutan Airlines, Jazeera, Thai Airways and Sichuan Airlines.

**BHUTAN AIRLINES**  
is Bhutan's first Private Airlines which operates Air Services in both Domestic and International Sectors.

**SICHUAN AIRLINES CO., LTD.**, established in 2002, is a regional airline headquartered in Chengdu, Sichuan in the People's Republic of China. The airline mainly operates scheduled domestic flights out of Chengdu Airport and Chongqing Jiangbei International Airport. The airline launched its first long-haul overseas route in June 2012 with flights from Chengdu hub to Vancouver, Canada. Another long-haul flight from Chengdu to Melbourne, Australia was also launched with 3 weekly services.

Making headlines in 2004 for being the first non-government owned airline in the Middle East, **Jazeera Airways** has established itself as a national airline of Kuwait and is also a listed publicly-traded company on the local stock exchange. Since its first flight in 2005, Jazeera Airways brought a revolution in Kuwait and the Middle Eastern region's travel industry by offering competitive fares coupled with advanced services that makes traveling easier, faster, and more accessible to passengers.

**Garuda Indonesia** is the flag carrier of Indonesia, headquartered at Soekarno-Hatta International Airport. A successor of KLM Interinsulair Bedrijf, it is a member of SkyTeam and the second-largest airline of Indonesia after Lion Air, operating scheduled flights to a number of destinations across Asia, Europe, and Australia from its hubs, focus cities, as well as other cities for Hajj.

**Wizz Air Abu Dhabi** which provides ultra-low fare travel options, has a young fleet composed of four brand new state-of-the-art Airbus A321neo aircraft. UAE's newest airline operated more than 1,080 flights since its launch in January 2021, with 506 flights taking place in the fourth quarter of the year.

**THAI Airways**, is Thailand's leading airline, known for its exceptional service and extensive global network. Established in 1960, it offers modern aircraft, delicious cuisine, and warm Thai hospitality. With a commitment to excellence, Thai Airways ensures a memorable travel experience for passengers worldwide.

**Akasa Air** launched its first commercial flight on August 7, 2022, becoming India's fastest-growing airline. With 20 destinations and 40 routes across India, Akasa achieved another milestone by flying from Mumbai to Doha on March 28, 2024, becoming the first Indian carrier to fly overseas within just 19 months of inception.

Formed to operate as a scheduled airline for passenger and cargo, **Air Astra** envisages to become a significant contributor to enhancing the people's connectivity - within Bangladesh and to the world.

Nepal Shipping

**NEPAL SHIPPING and AIR LOGISTICS PVT. LTD.** (Nepal Shipping) is a new age and dynamic logistics provider of Air and Sea Freight management solution in the Nepalese freight forwarding trade. Together with our worldwide network of agents and business partners with proven dedication, we commit to carry the merchandise anywhere our customers desire; be it via air freight, ocean freight or intermodal freight with the most efficient service at competitive price.

**Nepal Shipping** has established itself as the most well-known brand name in the cargo business in Nepal and is the GSA for **Etihad Cargo**. We offer complete, efficient solution for the supply chain management under one roof. Our business philosophy focuses on the principals of honesty, integrity and complete dedication to our clients.

VR HOLDINGS is the official representative of Aircraft Industries a.s. (LET) of the Czech Republic that manufactures Short Takeoff and Landing (STOL) aircrafts.

LET has a history of manufacturing aircraft that goes back to 80 years. It has produced 1,100 STOL aircrafts and strives to deliver the highest quality STOL aircrafts enabling safe, reliable and timely air transport.

Goma Air was delivered first L410 aircraft with 19 seat configuration, on October 9, 2014. This model is equipped with a high altitude endurance mechanism which makes L410 best suited for a country like Nepal.

Test flights were conducted at Jomsom and Lukla airports, two of the most difficult airports in the world.

Great work can only come from great partnership.
